

ISAE Fellowship to Dr. Gupta

Indian Society of Agricultural Engineering (ISAE) has awarded its prestigious fellowship award to Dr. S. K. Gupta, Project Coordinator, AICRP on Management of Salt Affected Soils and Use of Saline Water in Agriculture of this Institute. The award to Dr. Gupta was announced in recently concluded 44th Annual Convention of the ISAE organized at Indian Agricultural Research Institute, New Delhi during 28-30 January, 2010. The society has conferred this award on Dr. Gupta considering his achievements in applying engineering interventions to land and water reclamation and service to the society. Dr Gupta is currently Fellow of the Indian National Academy of Engineers, National Academy of Agricultural Sciences and Indian Society of Salinity Research Workers. He is also the vice-president of the Indian Society of Soil Salinity and Water Quality, Chief Editor of the Journal of Water Management of the Indian Society of Water Management and President of the Karnal Chapter of Indian Society of Soil Science.
